

DECEMBERADIO | SATISFY

Better Man

I throw away my regrets
I'm forgiven but I can't forget
Every day I fall behind
But I take up my cross
Nobody's changing my mind

Chorus

'Cause I'm no hero and I wear no halo
But I do the best, best I can
I'm out on a wire, stepping straight through the fire
And it makes me who I am
I'm a better man

I've come this far, turned the page
I don't ever have to be afraid
The only way I will survive
Is to take up my cross
Nobody's changing my mind

Chorus

Whoa, I'm a better man
Whoa, I'm a better man

Your love is on my side, it's on my side

Your love it's on my side, nobody's changing my mind

Chorus

Satisfy Me

I've been down this road before

Had it all but I still want more

I've got the devil knockin' at my door

I'm rich but I still feel poor

I've been trying all my life to fill this empty hole

But nothing I do on my own is gonna satisfy my soul

Chorus

Only You can satisfy me

And help me make it through

Only You can satisfy me

You and only You

I went down to the riverside

Jumped in just to be baptized

You know I never felt so alive

Oh Lord I wanna testify

I've been trying all my life to fill this empty hole

But nothing I do on my own is gonna satisfy my soul

Chorus

You're the only one that's ever gonna satisfy me

I've tasted and I've seen, that the Lord is good all the time

I'm satisfied

Chorus

Believer

I was raised up on the Bible, with a picture of Jesus on the wall

I could hear my momma prayin', "Lord, send revival to us all"

My daddy was a deacon, taught Sunday school for twenty years

And I remember all the stories of how the Lord would soon appear

He washed all my sins away

It makes me who I am, who I am today

Chorus

I'm a believer, never gonna be ashamed

I'm a believer, the good Lord He knows my name

I believe in the truth, Lord, I believe in You
I'm a believer

I got a tattoo of an angel, to remind me that I'm saved
I got hair down to my shoulders, but don't you be afraid

Don't judge me 'cause I look this way
It don't matter at all to the old rugged cross

Chorus

I'll be gone when the trumpet sounds
Ain't nothin' gonna hold me down
I believe in the truth, Lord, I believe in You

Chorus

For Your Glory

Lord, here's my offering
You are the One that takes what I bring
And somehow uses it for Your glory, for Your glory
It don't add up but somehow it's enough
To lift You up and let the world see
That it's You, it's You

The Maker of all, Lord, I believe that

Chorus

It's You that lives in me

Faithful I will be

And I do everything

For Your glory, for Your glory

Your love is a message that can't be erased

The cross is a story of mercy and grace

Still brings us together today

For Your glory, for Your glory

Broken, humble we fall at Your feet

Lifting our hands together we sing

To You, to You,

The Maker of All, King of All Kings

Repeat Chorus

Gasoline

I got a remedy, it ain't no cup of tea

Can't find it in a pharmacy

A super battery, big ball of energy

A new revival that's fillin' me up

Chorus

Like gasoline burning out of control
Heaven's love machine is taking over my soul
Like gasoline burning out of control
Heaven's love machine is taking over my soul

I got an appetite, I just think I might
Blow my top like dynamite
I'm glad I saw the light
Hank Williams got it right
A new revival and it's fillin' me up

Chorus

Ahhh, gasoline
Ahhh, gasoline
Ahhh, gasoline

Chorus

Falling for You

Break it down I'm playing a game
Giving it all I got for just fortune and fame
Get on the bus man where's the stage
Life gets crazy when you're in the fast lane

Every day I stop and think

There's gotta be more to this life than what's in front of me so

You've got what I need to break free

I just can't get enough, I'm addicted to You

Chorus

I'm falling for You

God You are the Truth

I'm lifting You higher

I want You to see

What You mean to me

I'm lifting You higher

You're a light everybody can see

Shining like a star watching over me

A revelation without hesitation

You're the only One that gets a standing ovation

Like a roller coaster out of control

I gotta get back on track before I lose my soul so

You've got what I need to break free

I just can't get enough, I'm addicted to You

Chorus

You're like a personal satellite

Watching over me that's right

You got what I need

Chorus

Look for Me

There's a shadow heavy as a blanket
Keeping all the light from shining through
There's a doubt deeper than the hope
That this world could ever offer you
There's a war raging like a storm
Ripping through the core of what you know is true
There's a peace that passes understanding
Let it be the hand that you hold onto

I'll be the one that never lets you go
I want you to know that

Chorus

If you ever wonder where you are
If you ever think you've gone too far
I'll be that light out in the dark just look for Me
I'll be standing here with open arms
So close your eyes and trust your heart
And then you'll see, that I am all you need
Just look for Me

There's a grace dying to erase

All that you've said and done
There's a love always big enough
Doesn't really matter what you're running from
Let your faith take you to a place
Where life has just begun
Let your soul step into the flow
Brother, don't you know you can let it go
I want you to know that

Chorus

When you feel alone just look for Me, look for Me
I'll be your eyes when you cannot see
So lay down your pride, step inside
And let forgiveness cover you
You know it's true, I'll never leave you

Chorus

Love Can

What can move a mountain from the place where it stands
What can calm the greatest fear with a touch from its hand
What can turn an enemy to a brother and a friend
There's only one thing I know
Love can

Love can

What can bring a miracle in a moment of need

What can reach a fallen soul and put him back on his feet

What can say that nothing is beyond its hands

There's only one thing I know

Yes I know

Only love can heal your broken heart

When it's all said and done

And you've had enough

And only love can bring you off of your knees

And back on your feet, love is all you need

What can build a bridge between a holy God and a sinful man

I know there's only one thing, only love can

And what can help a lost soul find his way back home again

There's only one thing I know

Yes I know, yes I know

Only love can heal your broken heart

When it's all said and done

And you've had enough

And only love can bring you off of your knees

I know love can

Peace of Mind

Get out of my head get out of my mind

I'm starting to unwind

Got a bittersweet smile that I'm trying to hide

And it's killing me inside

Tell me why

Give me back my sanity

Chorus

I'm ready to find

My peace of mind, my peace of mind

Help me, God, I'm ready to find

My peace of mind, my peace of mind

Don't get any sleep, don't get any rest

With this weight upon my chest

Stop givin' my heart cardiac arrest

'Cause you're killing me inside

Tell me why

Give me back my sanity

Chorus

Get away, get away from me

Fed me nothing but lies

I see through your disguise

Get away, get away from me
'Cause I'm leavin' it all behind
For my peace of mind

Chorus

Be Alright

You've got the world upon your shoulders
It don't have to be this way
You can't stop your heart from hurting
Or take the pain away
Life can get a little hard sometimes
But I know it's gonna be alright,
I know it's gonna be alright

Be alright, don't worry about tomorrow
You can hold your head up high
Be alright, better days are comin'
You know it's gonna be alright
I know it's gonna be alright

You got to stop and smell the roses
And find the joy in life
You know after all the rain
The sun is gonna shine

Life can get a little hard sometimes

But I know it's gonna be alright

Well, I know it's gonna be alright

Chorus

Keep believing, keep your head up

God is by your side

And you will see that, you will see that

Everything, yes everything

Chorus

Powerful Thing

Oh Lord, I'm shaking like a tree

I've got fruit on me so you'd best believe that

It's coming down at the speed of sound

Gonna spread it around and around and around, yeah

It's too good to keep it to myself or put it on a shelf

Momma taught me well that

It's just something that you give away

Each and every day, each and every day

Chorus

Crank it up, flip the switch, we're all rich

I know love is a powerful thing

Turn it up, it's the stuff

I know love is a powerful thing

I'm ticking like an atom bomb

Gonna set it off, you'd better sound the alarm because

Ain't no tellin' what it's gonna do when love gets a hold of you

When love gets a hold of you

Chorus

I got a little notion

That we can set it into motion

If we just come together you and me

Chorus

Find You Waiting

I've heard the angels and I've seen the devil

Fought with the lion, stepped through the fire

I've been in the valley when it was dry

Walked through the desert to the other side

I'm not a preacher and I'm not a hero

My life has never been that kind

But there is one thing that I hold onto
I am Yours and Lord, You are mine

Chorus

Through all these years
You have been there
Dried all my tears
And answered my prayers
I just wanna feel Your presence again
I'm down on my knees in need of a friend
And I'll find You waiting there for me

I've seen a widow cry through her sorrow
And still raise her hands in the midst of it all
And Lord, I'm reminded that when I was weary
You carried me, yes, You carried me

Chorus

And in the midst of a struggle
There is one thing I know, yes it is
You'll never leave me, You'll never let go

I've heard the angels and I've seen the devil
Fought with the lion, stepped straight through that fire

Chorus
